

## A Sister's Wish

*By Jennis Slaughter*

### A Sister's Wish By Jennis Slaughter

When Navy SEAL Sydney Martin feels her twin sister die, she knows that she has her work cut out for her in finding who murdered her. When she gets a delayed text, asking her to protect something, she vows to do just that. What she didn't know was that her investigation would involve her sister's best friend, computer programmer Chance O'Neil, and that they would end up running for their lives in search of the truth all while falling in love. Would they be able to bring the guilty parties to justice before they are caught or will it all be for naught?

### Editorial Review

#### About the Author

Jennis Slaughter was born in Florida in the late fifties and was told by her mother that she was always overly dramatic. When Hollywood didn't beckon, she turned to writing stories in her head. Once she spoke with another online author, she was encouraged to start writing on her own and the rest to say is history. She prefers writing mysteries and drama and has been called 'The Angst Queen' more than once. She is a firm believer in happy endings and true love.

### Users Review

#### From reader reviews:

##### James Brecht:

In this 21st millennium, people become competitive in each and every way. By being competitive currently, people have to do something to make all of them survive, being in the middle of typically the crowded place and notice by means of surrounding. One thing that often many people have underestimated the idea for a while is reading. Sure, by reading a guide your ability to survive rises then having a chance to endure than other is high. For you personally who want to start reading a new book, we give you this specific A Sister's Wish book as a beginning and daily reading book. Why, because this book is usually more than just a book.

##### Brian Wilson:

Nowadays individuals who live in the era just where everything is reachable by connecting to the internet and the resources included can be true or not demand people to be aware of each info they get. How do people have to be smart in getting any information nowadays? Of course the solution is reading a book. Reading through a book can help folks out of this uncertainty. Information especially this A Sister's Wish book because the book offers you rich information and knowledge. Of course the information in this book is 100% guaranteed there is no doubt in it you may already know.

##### Jean McFerren:

Reading an e-book tends to be a new lifestyle in this era of globalization. With reading through you can get a lot of information that may give you benefit in your life. With books everyone in this world can share their ideas. Guides can also inspire a lot of people. Many authors can inspire all their readers with their story as well as their experience. Not only the storyline that is shared in the publications, but also they write about advantages about something that you need. Examples of this: how to get a good score on TOEFL, or how to teach your kids, there are many kinds of books that exist now. The authors on this planet always try to improve their ability in writing, they also do some research before they write their book. One of them is this A Sister's Wish.

**Ralph Scott:**
