By Peter Cheyney

Dangerous Curves By Peter Cheyney

A dame has to have more than beauty and breeding to stop Slim Callaghan doing things his way. Mrs Riverton has plenty of both, but when she begins to interfere in Slim's search for her stepson, things start to hot up.

Slim's motto is: 'We get there somehow and who the hell cares'. The problem is that someone does ...

Editorial Review

About the Author

Reginald Evelyn Peter Southouse Cheyney was born in Whitechapel in the East End of London. After serving as a lieutenant during the First World War, he worked as a police reporter and freelance investigator until he found success with his first Lemmy Caution novel. In his lifetime Cheyney was a prolific and wildly successful author, selling, in 1946 alone, over 1.5 million copies of his books. His work was also enormously popular in France, and inspired Jean-Luc Godard's character of the same name in his dystopian sci-fi film Alphaville. The master of British noir, in Lemmy Caution Peter Cheyney created the blueprint for the tough-talking, hard-drinking pulp fiction detective.

Users Review

From reader reviews:

Alyssa Cox:

Information is provisions for individuals to get better life, information these days can get by anyone from everywhere. The information can be a expertise or any news even a concern. What people must be consider if those information which is within the former life are difficult to be find than now's taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you have the unstable resource then you have it as your main information you will see huge disadvantage for you. All those possibilities will not happen with you if you take Dangerous Curves as the daily resource information.

Anna Harlow:
