

Flood Your Body with Oxygen

By Ed McCabe

Flood Your Body with Oxygen By Ed McCabe

You, me, them, it, and all the bodies, animals, and plants have spent eons evolving while surrounded by a sea of oxygen which is itself swimming in a sea of magnetic/gravitic particles of sunlight energy. Oxygen stores the sun's energy so that all life can feed off of it. If something important is taken away everything in life goes downhill fast. If it is slowly and effectively taken away by ever-encroaching soups of greed-caused pollution, what ensues are plagues, chronic disease, illness, and poor animal and crop yields. The whole solution is to put back the missing oxygen. Back into the environment by removal of oxygen-robbing pollution, combined with reforestation, and back in the human and animal bodies through supplementation and delivery systems specializing in active forms of oxygen and minerals. This book explores these issues.

Editorial Review

Review

"Changing my life and lifestyle! Articulating God's natural healing oxygen, ozone, peroxide, etc. into terms our family can understand." -- *Brian G., May, 2003*

"Only book I'll teach with! Without a doubt, Ed's the one person the ANA and I wholeheartedly support." -- *Dr. G. Freibott, President, American Naturopathic Association, June 18, 2003*

Major update! A MUST HAVE for you, your family, pets, and plants. Highly recommended! -- *Nexus Magazine, June/July, 2003, Ruth Parnell, Reviewer*

About the Author

Ed McCabe, "Mr. Oxygen™" is a best selling author and writer in the innovative health area. His best-selling book *Oxygen Therapies, A New Way of Approaching Disease* has recently been followed by the new hit *Flood Your Body With Oxygen, Therapy for Our Polluted World*. He has lectured worldwide for 18 years, and has been honored as the recipient of international awards. He was the first and only person in history to create mass public awareness of the existence and benefits of active oxygen therapies. Mr. McCabe has made over 1,800 media appearances in radio and television, including the Maury Povich show. Mr. McCabe holds a degree in Educational Media from the University of Massachusetts. He is an investigative journalist and leading international author, lecturer, and promoter of oxygen therapies. His ongoing involvement with advanced healing modalities encompasses a span of over 25 years. He solely focused upon oxygen therapies as a research journalist during 18 years of intensive study, investigation, experimentation, interviews, and travel. As a result, he is recognized and acclaimed as an international expert on the subject. Although several oxygen therapies have been quietly in use for over 100 years, prior to Mr. McCabe's extensive pioneering body of work, the general public was completely unaware of them. His undertakings to benefit the good of mankind earned him his popular title of "Mr. Oxygen, TM" which has since become his trademark. Without a publisher, his best-selling 1988 book *Oxygen Therapies, A New Way of Approaching Disease* sold over one quarter million copies through word of mouth. In addition to *Oxygen Therapies*, Mr. McCabe has written a syndicated newspaper and Internet column, "Ask Mr. Oxygen," and his writings have appeared in numerous national magazines. The numbers of professional and lay adherents of these therapies continues to grow rapidly due to his promotion of their simple effectiveness. With the assistance of lots of people from all over the world, Mr. McCabe was the first to create and simultaneously promote the idea that all the diverse "oxygen therapies" shared specific commonalities and how they all fit together into a cohesive whole. Mr. McCabe's website is: <http://www.oxygenhealth.com>

Users Review

From reader reviews:

Laquita Horton:

This *Flood Your Body with Oxygen* book is not really ordinary book, you have it then the world is in your hands. The benefit you have by reading this book is actually information inside this publication incredible fresh, you will get information which is getting deeper you actually read a lot of information you will get. This particular *Flood Your Body with Oxygen* without we recognize teach the one who studying it become critical in pondering and analyzing. Don't always be worry *Flood Your Body with Oxygen* can bring if you

are and not make your carrier space or bookshelves' grow to be full because you can have it within your lovely laptop even telephone. This Flood Your Body with Oxygen having great arrangement in word as well as layout, so you will not feel uninterested in reading.

Beverly McClendon:

Your reading sixth sense will not betray you, why because this Flood Your Body with Oxygen e-book written by well-known writer whose to say well how to make book that can be understand by anyone who also read the book. Written inside good manner for you, leaking every ideas and writing skill only for eliminate your hunger then you still question Flood Your Body with Oxygen as good book not merely by the cover but also with the content. This is one reserve that can break don't determine book by its handle, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your studying sixth sense already alerted you so why you have to listening to yet another sixth sense.

Nathaniel Cornelius:

This Flood Your Body with Oxygen is great reserve for you because the content that is full of information for you who else always deal with world and still have to make decision every minute. This book reveal it facts accurately using great coordinate word or we can say no rambling sentences in it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tricky core information with lovely delivering sentences. Having Flood Your Body with Oxygen in your hand like finding the world in your arm, facts in it is not ridiculous a single. We can say that no reserve that offer you world within ten or fifteen tiny right but this guide already do that. So , this is good reading book. Hi Mr. and Mrs. active do you still doubt this?

Iva Simmon:

In this time globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The health of the world makes the information easier to share. You can find a lot of sources to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher which print many kinds of book. Often the book that recommended to your account is Flood Your Body with Oxygen this reserve consist a lot of the information with the condition of this world now. This kind of book was represented just how can the world has grown up. The terminology styles that writer use for explain it is easy to understand. Often the writer made some study when he makes this book. Honestly, that is why this book suitable all of you.
