### The Secret Of Bhagavad Gita By Sri Vishwanath

"No matter what any one has read, studied, or listened to, yours is not an additional source, it is all one needs... " Margaret Ferguson UK "14 years of ignorance wiped off in a second. This is amazing !" -Narsedalia Lopez, USA "The beginning of a ground breaking turnaround in my life !" Alan Woods Australia "Finally Illumined. Lo !" -Enejoh Obaje,LA, USA While Bhagavad Gita is one of the world's best known spiritual and literary treasures, the scope of its seminal meaning isn't always paramount among the many accolades given this priceless text. Yet the full and true impact of this venerable Hindu saga, though of ancient vintage, can affect countless number of modern readers of any national, religious or ethnic background. The battlefield advice given by Krishna, the Hindu deity, to Prince Arjuna rings with mind-searing veracity that can modify and influence every element of behaviour in contemporary life and thought. Sri Vishwanath the author provides a clear and practical analysis of Krishna's dictums and the questions posed by Arjuna, which represent the moral confusion of mankind. THE supernal and mortal worlds of thought and action come together with illumination and clarity. The ancient "song" and its timeless message are rendered into a modern primer on how men and women should behave to reach other, to nature and the universe- and ultimately to the consciousness and concept of God. The popularity of Vishwanath's other books which explain many spiritual concepts and methods of achieving mind-clearing serenity continues to soar. It is the rare reader who won't find his or her outlook changed by reading this book and their life improved by absorbing the essence of this epic. Sri Vishwanath is the author of numerous bestsellers including the Amazon No 1 The Power of Visualization. He divides his time between United State of America and Mumbai, India.
