

# After Finitude: An Essay on the Necessity of Contingency

By Quentin Meillassoux

**After Finitude: An Essay on the Necessity of Contingency** By Quentin Meillassoux

## From the preface by Alain Badiou:

*It is no exaggeration to say that Quentin Meillassoux has opened up a new path in the history of philosophy, understood here as the history of what it is to know ... This remarkable "critique of critique" is introduced here without embellishment, cutting straight to the heart of the matter in a particularly clear and logical manner. It allows the destiny of thought to be the absolute once more.*

"This work is one of the most important to appear in continental philosophy in recent years and deserves a wide readership at the earliest possible date ... *Après la finitude* is an important book of philosophy by an authnted emerging voices in continental thought. Quentin Meillassoux deserves our close attention in the years to come and his book deserves rapid translation and widespread discussion in the English-speaking world. There is nothing like it."

?Graham Harman in *Philosophy Today*

Quentin Meillassoux's remarkable debut makes a strikingly original contribution to contemporary French philosophy and is set to have a significant impact on the future of continental philosophy. Written in a style that marries great clarity of expression with argumentative rigour, *After Finitude* provides bold readings of the history of philosophy and sets out a devastating critique of the unavowed fideism at the heart of post-Kantian philosophy.

The exceptional lucidity and the centrality of argument in Meillassoux's writing should appeal to analytic as well as continental philosophers, while his critique of fideism will be of interest to anyone preoccupied by the relation between philosophy, theology and religion.

Meillassoux introduces a startlingly novel philosophical alternative to the forced choice between dogmatism and critique. *After Finitude* proposes a new alliance between philosophy and science and calls for an unequivocal halt to the creeping return of religiosity in contemporary philosophical discourse.

### Editorial Review

#### Review

'Rarely do we encounter a book which not only meets the highest standards of thinking, but sets up itself new standards, transforming the entire field into which it intervenes. Quentin Meillassoux does exactly this.'

Slavoj Žižek

'In his clearly argued essay, now available in an excellent English translation, the French philosopher Quentin Meillassoux shows that subjectivity and objectivity must be conceived of independently of each other ... It is a truly philosophical work in that it develops the original idea of a speculative materialism with uncompromising passion and great consistency.'

Alexander Garcia Düttmann, Professor of Philosophy and Visual Culture, Goldsmiths <?xml:namespace prefix = st1 />University of London, UK

### Users Review

#### From reader reviews:

##### Louis Jackson:

Book is actually written, printed, or created for everything. You can realize everything you want by a e-book. Book has a different type.
