

Child of a Hidden Sea

By A. M. Dellamonica

Child of a Hidden Sea By A. M. Dellamonica

One minute, twenty-four-year-old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known. The next, she finds herself flung into the warm and salty waters of an unfamiliar world. Glowing moths fall to the waves around her, and the sleek bodies of unseen fish glide against her submerged ankles.

The world is Stormwrack, a series of island nations with a variety of cultures and economies—and a language different from any Sophie has heard.

Sophie doesn't know it yet, but she has just stepped into the middle of a political firestorm, and a conspiracy that could destroy a world she has just discovered...her world, where everyone seems to know who she is, and where she is forbidden to stay.

But Sophie is stubborn, and smart, and refuses to be cast adrift by people who don't know her and yet wish her gone. With the help of a sister she has never known, and a ship captain who would rather she had never arrived, she must navigate the shoals of the highly charged politics of Stormwrack, and win the right to decide for herself whether she stays in this wondrous world...or is doomed to exile, in *Child of a Hidden Sea* by A.M. Dellamonica.

Editorial Review

From [Booklist](#)

Sophie was just looking for her birth family; she wades in to defend a woman she is fairly certain is her aunt and finds herself floating in an unfamiliar sea. Her aunt has been stabbed; there are moths falling to the surface of the water, and she doesn't recognize the species. Fortunately, she is an experienced diver and keeps herself and her aunt afloat until they are rescued by Stele Islanders. Sophie rapidly realizes that she's not anywhere in the world she knows. She's stepped into the midst of a delicate political situation, riddled with conspiracy, and is about to be forced to navigate without knowing all the details. The sister she has just met and the captain of her aunt's ship begin as unwilling allies, but as they work together to unravel the threads of conspiracy, they forge a real relationship—and Sophie gradually discovers more about why everyone seems to know her. Sophie is a delightful, curious, and engaging voice, and the political games of Stormwrack and the Fleet are a fine and entertaining framework for a story of intrigue and self-discovery. -- Regina Schroeder

Review

"This was a solid, enjoyable book, entirely appreciable on its own while setting up interesting hooks for future installments."?NPR
