

Day of the F-Virus

By Lyka Bloom

Day of the F-Virus By Lyka Bloom

While the F-Virus rages above, turning men into feminized and docile servants and the women into alpha futas, a group of scientists and military personnel survive in an underground shelter. As a cure for the virus continues to elude the science team, tensions rise due to dwindling supplies and frayed patience by the military support team.

When one doctor makes a breakthrough in the virus's study, his ethics are called into question, leading to a chain reaction of transformation and betrayal.

The second entry into the F-Virus series contains strong sexual situations and female-to-futa transformations. You have been teasingly warned!
