

Globalization: The Key Concepts

By Thomas Hylland Eriksen

Globalization: The Key Concepts By Thomas Hylland Eriksen

For the first time in human history, the vast majority of the world's population is connected through trade, travel, production, media and politics. Ours is an era of ubiquitous mobile communication, economic outsourcing, mass migration and imported consumer goods. At the same time, people everywhere are concerned to keep their identities rooted and sense of place in the face of momentous change.

This new edition of Thomas Hylland Eriksen's concise and engaging landmark textbook outlines the main debates and controversies around globalization, and develops a unique perspective to show how globalization is an inherently double process, taking place both from above and below. Each chapter is supported by boxed case studies and bullet points summarizing the core information, suggestions for further reading, and essay and discussion questions, making this the ideal guide for both the classroom and independent study. Focusing on key concepts of globalization and drawing on international examples, this book is essential for anyone wishing to understand the fundamental processes underlying the contemporary world and the consequences these have for all of us.

Editorial Review

Review

This book does an excellent job of defining key concepts and terms in a clear, accessible and engaging way, without 'dumbing down'. The case studies are interesting, drawing on a variety of different cultures, countries and regions, to illustrate the concepts at hand. Caroline A. Hartzell, Professor of Political Science, Gettysburg College, USA This is a great introduction to the study of globalization! To organize the text along key concepts is a brilliant idea as it helps students to understand the complex integration of various dimensions of globalization and pushes them to ask new and pertinent questions. Sylva Frisk, University of Gothenburg, School of Global Studies, Sweden Globalization: The Key Concepts cuts through the vast scholarship on globalization with powerful, simple ideas. Packed with thought-provoking examples, this book is accessible and intelligent, providing a good grounding in the fundamentals while introducing students to major scholarly debates. An excellent introduction to the field. Emma Reisz, Lecturer in Asian History, History and Anthropology, Queen's University Belfast, UK Eriksen's book is perhaps the best one volume survey on globalization available. With a clear and conversational writing style, he weaves together theory, explanation and contemporary examples into an effective overview of the causes, consequences, concepts, and debates regarding globalization. Mark Dailey, Associate Professor of Anthropology, Green Mountain College, USA

About the Author

Thomas Hylland Eriksen is Professor of Social Anthropology at the University of Oslo, Norway.

Users Review

From reader reviews:

Theodore Stewart:

Book is written, printed, or outlined for everything. You can understand everything you want by a e-book. Book has a different type. As we know that book is important matter to bring us around the world. Next to that you can your reading expertise was fluently. A e-book Globalization: The Key Concepts will make you to possibly be smarter. You can feel more confidence if you can know about almost everything. But some of you think that will open or reading a book make you bored. It's not make you fun. Why they are often thought like that? Have you searching for best book or appropriate book with you?

Gussie Steller:

Reading a reserve can be one of a lot of task that everyone in the world likes. Do you like reading book thus. There are a lot of reasons why people like it. First reading a guide will give you a lot of new facts. When you read a reserve you will get new information mainly because book is one of a number of ways to share the information as well as their idea. Second, reading through a book will make a person more imaginative. When you reading a book especially hype book the author will bring someone to imagine the story how the characters do it anything. Third, you can share your knowledge to other individuals. When you read this Globalization: The Key Concepts, you are able to tells your family, friends and also soon about yours reserve. Your knowledge can inspire others, make them reading a book.

Nicholas Gober:

Globalization: The Key Concepts can be one of your beginning books that are good idea. Most of us recommend that straight away because this reserve has good vocabulary that could increase your knowledge in vocabulary, easy to understand, bit entertaining but still delivering the information. The author giving his/her effort to put every word into pleasure arrangement in writing Globalization: The Key Concepts but doesn't forget the main level, giving the reader the hottest in addition to based confirm resource facts that maybe you can be one among it. This great information can drawn you into brand new stage of crucial thinking.

Marie Miles:

Many people spending their time period by playing outside along with friends, fun activity together with family or just watching TV all day every day. You can have new activity to pay your whole day by reading a book. Ugh, do you consider reading a book can really hard because you have to accept the book everywhere? It fine you can have the e-book, taking everywhere you want in your Smart phone. Like Globalization: The Key Concepts which is keeping the e-book version. So , try out this book? Let's notice.
