PRAXIS I Math: My Private Tutor By Daniel C. Eiblum, Nicholas Bennett, Dave Darling, Andy Newens, Ali Mushtaq, Sarah Hand, Sheri Weathers, Timothy Kelly, Michael Lapidus, Daniel Zielaski, Benjamin Swartz, Philip Chang

Praxis I Math: My Private Tutor, now revised, is a workbook designed to help students prepare for the math section of the Praxis I Exam. This exam requires a passing score for prospective teachers to receive a public school teaching certification. No other preparation material covers the math portion of the Praxis I exam as comprehensively as this book does, with 23 chapters of lessons, in addition to assessments and a final test. This study guide begins with pre-algebra material and leads up to algebra and geometry, including word problems and graphs. Chapters are detailed enough for the novice student to comprehend, and they provide ample opportunity for the student to practice the type of problems that often stump them. Praxis I Math: My Private Tutor can be used for the motivated student to practice independently. Note: we assume that the student has already mastered arithmetic. If the student needs a review of arithmetic, we recommend that he or she review an arithmetic book first before using this book. For more information, please visit us at www.Praxis1MathMyPrivateTutor.com
