## Radiology Review Manual By Wolfgang F. Dahnert MD

For more than 25 years, Dr. Dahnert's **Radiology Review Manual** has earned its reputation as the green "bible" for board exam preparation, in teaching situations, and in the daily practice of radiology. A logical organization, extensive lists of image findings and differential diagnoses, an accessible outline format, and a thorough index have made this reference the #1 choice for success on the written boards. The **Eighth Edition** has been completely updated to provide head-to-heel coverage of the information needed for today's general radiology practice.

### NEW to this edition:

- A section on General Radiology has been created that covers techniques in nuclear medicine as well as contrast media, statistics, sedation, analgesia, and local anesthesia.
- Mnemonics have been added to help make need-to-know facts and trivia easier to find, review, and remember.

*Your book purchase includes a complimentary download of the enhanced eBook for iOS, Android, PC & Mac. Take advantage of these practical features that will improve your eBook experience:*

- The ability to download the eBook on multiple devices at one time — providing a seamless reading experience online or offline
- Powerful search tools and smart navigation cross-links that allow you to search within this book, or across your entire library of VitalSource eBooks
- Multiple viewing options that enable you to scale images and text to any size without losing page clarity as well as responsive design
- The ability to highlight text and add notes with one click
