Push It Forward

Drake and Alexa had a whirlwind romance in Push the Envelope, falling for each other hard and fast. But their newfound love is tested during summer break when their plans mean time spent apart. When danger comes knocking on Alexa's door with the return of her ex-boyfriend to town, Drake drops everything to be by her side.

Can Drake convince Alexa that it's time to push their relationship forward? Or will she allow her fears to hold her back?

Hold Your Horses

Charlotte thought she was doing the right thing when she decided to go away to college. When graduation comes and she needs to decide if it's time to go back home and settle down, she worries that she's not ready yet. Shane has waited four long years for Charlotte, after agreeing to a long-distance relationship because it was the only way to keep her in his life. He can hardly wait for her to come home so they can finally start their life together.

What happens when the girl who is nervous about settling down to small-town life comes home to the guy who is ready to pop the question?
