Into The Fire (The Ending Series, #2) By Lindsey Fairleigh, Lindsey Pogue

The second book in THE ENDING SERIES.

The Virus changed them, but that was only the beginning...
...death...mutation...insanity...corruption...terror...
...all that remains is hope.

In the wake of destruction left behind by the Virus, it took Dani and Zoe months to find each other. But their reunion was short-lived. Dani has been taken, and though little distance separates them, they might as well be worlds apart.

From the moment she hears Dani's scream, Zoe's only goal is to save her best friend. She and her companions scramble to come up with a rescue plan, but when a ghost from Jake's past reappears, lines are blurred, decisions become harder, and secrets are revealed...and some secrets are best left buried. To keep heartache and fear from consuming her, Zoe must cling to her determination. She WILL see Dani again.

Dani awakens inside the final hold-out of civilization: the Colony. Remnants of the former world surround her--electricity, safety, social order--but all is not what it seems. As she faces her most manipulative adversary yet, she loses sight of who she is and who she can trust. Friends become enemies, enemies become allies, and allies will betray her. Dani will have to decide what she's willing to do and whose lives she's willing to risk if she is to have any chance of breaking free.

Into The Fire is the second installment in the bestselling post-apocalyptic sci-fi series The Ending, that picks up where After The Ending left off. It is fast paced, has a lot of action, Crazyies linger around every corner, and secrets come to life that will change Dani and Zoe's worlds forever...all with a touch of romance. Editorial Review

About the Author

Lindsey Fairleigh lives her life with one foot in a book--as long as that book transports her to a magical world or bends the rules of science. Her novels, from post-apocalyptic to time travel and historical fantasy, always offer up a hearty dose of unreality, along with plenty of adventure and romance. When she's not working on her next novel, Lindsey spends her time reading and trying out new recipes in the kitchen. She lives in the Pacific Northwest with her very confused cats.

Lindsey Pogue has always been a little creative. As a child she established a bug hospital on her elementary school soccer field, compiled books of collages as a teenager, and as an adult, expresses herself through writing. Her novels are inspired by her observations of the world around her--whether she's traveling, people watching, or hiking. When not plotting her next story line or dreaming up new, brooding characters, Lindsey's wrapped in blankets watching her favorite action flicks or going on road trips with her own leading man.
