Editorial Review

From the Back Cover

Prepare. Practise. Perform. Succeed!

Are you chasing a job that you really want, but need to take a numerical reasoning test to get it?

With the help of this book, you'll sharpen your skills and quickly become confident in your ability to pass.

Written by a psychologist with years of test-writing experience, it's packed with examples of every kind of test and will take you through everything you need to pass with flying colours.

- Feel practised, prepared and confident
- Be ready to take on any type of test
- Develop a strategy to maximise your performance

With plenty of tips, tricks and practise tests to help you, no matter what level or type of test you face, prepare to succeed!

About the Author

Rob Williams offers a range of freelance psychometric test design services specializing in the design of ability tests, situational judgement tests, personality questionnaires, realistic job previews and career choice tests. Rob has led a UK-wide project managing over twenty occupational psychologists including leading global psychometricians. A range of situational judgement tests, ability tests (numerical reasoning, verbal reasoning, problem-solving and spatial), motivation & personality questionnaires and realistic job previews were developed over a fourteen-month period for Army Officers and soldiers.

Users Review

From reader reviews:

Denise Wallis:

What do you ponder on book? It is just for students because they're still students or that for all people in the world, the particular best subject for that? Just you can be answered for that problem above. Every person has distinct personality and hobby for each and every other. Don't to be pushed someone or something that they don't need do that. You must know how great as well as important the book Brilliant Passing Numerical Reasoning Tests: Everything you need to know to understand how to practise for and pass numerical reasoning tests (Brilliant Business). All type of book are you able to see on many sources. You can look for the internet methods or other social media.

Holly Sheehan:

Reading a book to get new life style in this year; every people loves to read a book. When you examine a book you can get a large amount of benefit. When you read textbooks, you can improve your knowledge, mainly because book has a lot of information upon it. The information that you will get depend on what forms of book that you have read.
