Crusade in Europe By Dwight David Eisenhower

Five-star General Dwight D. Eisenhower was arguably the single most important military figure of World War II. For many historians, his memoirs of this eventful period of U.S. history have become the single most important record of the war. *Crusade in Europe* tells the complete story of the war as Eisenhower planned and lived it. Through his eyes, the enormous scope and drama of the war's strategy, battles, moments of fateful decision become fully illuminated in all their fateful glory.

Yet this is also a warm and richly human account. Ike recalls the long months of waiting, planning, and working toward victory in Europe. His personal record of the tense first hours after he had issued the order to attack and there was no turning back leaves no doubt of Eisenhower's travail and reveals this great man in ways that no biographer has ever surpassed.

Editorial Review

From Library Journal

This audio version of Eisenhower's World War II experiences is a long but exciting and intriguing memoir. Reader Michael Prichard's pleasant voice adds to the experience of learning about the war from the perspective of one of its chief participants - the Supreme Allied Commander. As commander of the European Theater of Operations, Eisenhower knew firsthand what he was up against, and he shares his feelings here. His personal accounts of military tactics; his reaction to victory and defeat on the battlefield; his political dealings with other allied commanders and politicians; and his relationship with his own staff - including the colorful and controversial George S. Patton - are just some of the areas the listener is exposed to in this comprehensive work. There is also D-Day, the African campaign, the invasion of Italy, and the brutal battles in the Ardennes. Libraries with large audio collections serving history and World War II buffs may want to consider this expensive but quality audiobook. - Steven J. Mayover, formerly with Free Lib. of Philadelphia

Review

Lifting examples or trying to quote from this brilliant account is almost like tearing threads from the Bayeux tapestry in order to analyze its beauty... Rich in lessons and satisfaction for soldiers, statesman, and plain citizens of every country.

(Commonweal)

This non-ghost-written book is as simple and as forthright as the innumerable admirers of its author have every right to expect it would be.

(New York Herald Tribune Weekly Book Review)

Eisenhower gives the reader true insight into the most difficult part of a commander's life.

(New York Times)

[A]n orderly, objective, well-documented account of the war in Western Europe.

(Saturday Review of Literature)

From the Back Cover

Five-star General Dwight D. Eisenhower was arguably the single most important military figure of World War II. For many historians, his memoirs of this eventful period of U.S. history have become the single most important record of the war. *Crusade in Europe* tells the complete story of the war as Eisenhower planned and lived it.
