Ensinando a velejar (Portuguese Edition) By Ricardo de Mattos Fernandes

Em qualquer ramo do saber humano a atividade de sistematização do conhecimento para fins educacionais é sempre louvável. No caso específico da Vela, esta obra que está em suas mãos é muito mais que bem-vinda. Fruto da experiência, do trabalho e do entusiasmo do Professor Ricardo Fernandes ela é pioneira em muitos sentidos. Primeiro porque acrescenta à parca bibliografia estritamente pedagógica da Vela um novo volume, atual e técnico. Depois porque discute, de forma acadêmica, e propõe de modo científico, uma metodologia básica para o ensino da Vela.
