Kierkegaard's Writings, II, Volume 2: The Concept of Irony, with Continual Reference to Socrates/Notes of Schelling's Berlin Lectures: The Concept of Irony, ... of Schelling's Berlin Lectures By Søren Kierkegaard

A work that "not only treats of irony but is irony," wrote a contemporary reviewer of *The Concept of Irony, with Continual Reference to Socrates*. Presented here with Kierkegaard's notes of the celebrated Berlin lectures on "positive philosophy" by F.W.J. Schelling, the book is a seedbed of Kierkegaard's subsequent work, both stylistically and thematically. Part One concentrates on Socrates, the master ironist, as interpreted by Xenophon, Plato, and Aristophanes, with a word on Hegel and Hegelian categories. Part Two is a more synoptic discussion of the concept of irony in Kierkegaard's categories, with examples from other philosophers and with particular attention given to A. W. Schlegel's novel *Lucinde* as an epitome of romantic irony.

The Concept of Irony and the *Notes of Schelling's Berlin Lectures* belong to the momentous year 1841, which included not only the completion of Kierkegaard's university work and his sojourn in Berlin, but also the end of his engagement to Regine Olsen and the initial writing of *Either/Or*.

Editorial Review

Review

"The definitive edition of the *Writings*. The first volume . . . indicates the scholarly value of the entire series: an introduction setting the work in the context of Kierkegaard's development; a remarkably clear translation; and concluding sections of intelligent notes."--*Library Journal*

Language Notes

Text: English, Danish (translation)
