But it's not long before her father's fears are realized, and she's captured by the Ice Palace Pack and taken to their underground territory. Delilah has never been mated before, but it's the winter solstice, and, before the pack's annual mating frenzy can begin, a were-female from another pack must be shared between them. Scared by what this might mean, but dazzled by the smoking-hot males, Delilah has a tough choice to make - and one that will bring her more pleasure than she could have imagined.
