By Healey

Collaborative Planning: Shaping Places in Fragmented Societies By Healey

In this important book Patsy Healey draws on a wide range of new thinking in social, political and spatial theory to provide a framework for planning which is rooted in the institutional realities of our increasingly fragmented societies but designed to foster communication and collaborative action. The second edition includes a major new chapter assessing recent developments in theory and practice.

Editorial Review

Review

Praise for the first edition:

..."a major, carefully argued contribution, which should raise the discourse among planning theorists to a new level--a level reserved for a book that succeeds in the ambitious task of weaving together, into one fabric, theories of planning and theories in planning."--Rachelle Alterman and Tamy Stav, "Town Planning Review"

..."A" visionary and important work..."--A.McArthur, "Planning and Design"

"A brilliant exposition of the development of theoretical concepts of planning in the second half of the twentieth century."--A. Gile, "Perspectives in Rural Policy and Planning"
