Editorial Review

About the Author

Kathy Schwalbe is a professor in the Department of Business Administration at Augsburg College in Minneapolis, where she teaches courses in project management, problem solving for business, systems analysis and design, information systems projects, and electronic commerce. Kathy was also an adjunct faculty member at the University of Minnesota, where she taught a graduate-level course in project management in the engineering department. She also provides training and consulting services to several organizations and speaks at several conferences. Kathy worked for ten years in industry before entering academia in 1991. She was an Air Force officer, systems analyst, project manager, senior engineer, and information technology consultant. Kathy is an active member of PMI, having served as the Student Chapter Liaison for the Minnesota chapter of PMI, VP of Education for the Minnesota chapter, Editor of the Information Systems Specific Interest Group (ISSIG) Review, and member of PMI's test-writing team. She is currently the Director of Communications for the ISSIG. Kathy earned her Ph.D. in Higher Education at the University of Minnesota, her MBA at Northeastern University's High Technology MBA program, and her B.S. in mathematics at the University of Notre Dame.

Users Review

From reader reviews:

Richard Williams:

Nowadays reading books become more than want or need but also get a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The info you get based on what kind of e-book you read, if you want have more knowledge just go with education and learning books but if you want sense happy read one using theme for entertaining for instance comic or novel. Often the Introduction to Project Management is kind of reserve which is giving the reader capricious experience.

Jodi Harper:

Information is provisions for anyone to get better life, information nowadays can get by anyone at everywhere. The information can be a expertise or any news even an issue. What people must be consider whenever those information which is inside former life are challenging to be find than now's taking seriously which one would work to believe or which one the actual resource are convinced. If you find the unstable resource then you buy it as your main information we will see huge disadvantage for you. All those possibilities will not happen within you if you take Introduction to Project Management as the daily resource information.

April Hannah:

Reading a guide can be one of a lot of task that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a guide will give you a lot of new details. When

you read a reserve you will get new information mainly because book is one of numerous ways to share the information or perhaps their idea. Second, reading through a book will make a person more imaginative. When you reading a book especially fictional works book the author will bring someone to imagine the story how the character types do it anything. Third, you could share your knowledge to other individuals. When you read this Introduction to Project Management, it is possible to tells your family, friends and also soon about yours book. Your knowledge can inspire others, make them reading a reserve.

Samuel Crader:

Is it anyone who having spare time and then spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This Introduction to Project Management can be the respond to, oh how comes? It's a book you know. You are thus out of date, spending your time by reading in this completely new era is common not a geek activity. So what these books have than the others?
