Editorial Review

Review

The lives of fascinating sea animals will engage young readers. In this series of sturdy, colorful, paperback, "read-and-learn" books, students explore facts about dolphins, sharks, seals, sea turtles, octopi, and jellies. How the animals behave, move, sl --NSTA

These nautical profiles pair well-chosen color photos-such as a view of a Pacific giant octopus with a diver next to it for scale and an unusual close-up of the inside of a leatherback turtles mouth showing the spines that prevent jellyfish from escaping- --School Library Journal

This series on sea animals will appeal to emerging readers in early elementary grades. Each book profiles one species. Engaging features include attractive covers, straightforward sentences in large font, and brief chapters that align with national scienc --Library Media Connection
