

## Mastering Spanish Vocabulary with Audio MP3: A Thematic Approach (Barron's Foreign Language Guides)

By Jose Maria Navarro, Axel J. Navarro Ramil

### Mastering Spanish Vocabulary with Audio MP3: A Thematic Approach (Barron's Foreign Language Guides) By Jose Maria Navarro, Axel J. Navarro Ramil

This brand-new title in Barron's foreign language vocabulary building series replaces a previous Spanish vocabulary-building volume that had the same focus and general purpose. However, this new larger book presents approximately 10,000 entries--more than twice the number of words with definitions as the title it replaces. It also includes an enclosed audio MP3, which coaches language students in correct pronunciation of Spanish and contains approximately 10 hours of audio, which covers virtually all of the book. All vocabulary in this book is categorized under different themes. Each theme groups together many different words relating to similar topics, which helps students of Spanish and travelers to Spanish-speaking countries conveniently find words that are related by subject. Among each book's 24 separate subject themes are: business terms, medical terms, household terms, scientific words and phrases, units of measurement, clothing, food and dining, transportation, art and culture, and others.
