North Star Shifters: The Complete Series By Roxie Noir

Over 500 pages of steamy, screen-melting bear shifter romance!

The biggest grizzly shifter pack in North America runs its members' lives like the military: they live, shift, and *mate* how and when their alpha tells them.

But the sexy, rebellious Miles, Nathan, and Jake aren't about to play by those rules. No one's going to tell them what to do or who their mates are - and to hell with the consequences.

These dominant alphas will do anything, go anywhere, and defy *anyone* to be with the women they love.

Grizzlies & Glaciers

Rugged, brooding Miles knows *exactly* who his fated mate is - and she left town years ago to become a doctor. But when her father dies, Delilah is suddenly back in his life. The clan's alpha wants nothing more than to mate her to an older man to teach her a lesson... until Miles takes him on in a brutal one-one-one brawl, becomes alpha, and finally claims what's *his*.

Shifters & Soulmates

Nathan is a broken bear. His alpha's right hand man, he's caused plenty of pain - too much to ever be worthy of love. He's *especially* unworthy of Leah, the sheltered, innocent daughter of a rival bear clan who's betrothed to someone else, but neither of them can deny the pure heat they feel for one another. Now, Nathan has to defy two alphas and risk everything for a chance to be with his soulmate.

Forests & Fate

Jake escaped the North Star clan as a teenager - but they haven't forgotten about *him*. When the strong, sexy lumberjack falls for Ariana, a human, the clan's alpha shows up, *determined* to tear them apart. Now Jake will have to face his dark past and fight for his one true mate - and it's a fight he's willing to take to the death.
