Rife's World of Electromedicine: The Story, the Corruption and the Promise By Barry Lynes

In 1987, Barry Lynes wrote the classic book on Rife history called *The Cancer Cure That Worked*. *Rife's World of Electromedicine* is the sequel, published in 2009. What is the difference between the two books? *The Cancer Cure That Worked* was primarily a biographical account of Royal Raymond Rife's life and work, including detailed, dated records of the events which occurred, and in-depth accounts from the people involved. *Rife's World of Electromedicine*, on the other hand, is a bird's eye view, short summary of the same time period and events. Instead of a detailed biography, *Rife's World* is an expository piece that includes brief, targeted chapters addressing each aspect of Rife's era, utilizing piercing, specific, and direct quotes and excerpts from historical documents including magazine and newspaper articles, court transcripts, Rife's own statements, and the eye-witness accounts of those who were present during Rife's lifelong achievements. Written as a short story, *Rife's World* is affordably priced so that everyone can read about Royal Raymond Rife. The book is a perfect gift for someone who wants to find out more about Rife but doesn't have time to read a longer book. Additionally, the new book explains what 20+ years of additional research and document retrieval by a dedicated grass roots group have discovered and unearthed. Some of the previously missing, key factors in the suppressed and censored cure for cancer were lost or even locked away in physicians' closets for decades in order to prevent censors from destroying overwhelming evidence. Now, this evidence is printed for the first time in *Rife's World*.

Users Review

From reader reviews:

Alice Hill:

The reason why? Because this Rife's World of Electromedicine: The Story, the Corruption and the Promise is an unordinary book that the inside of the book waiting for you to snap the item but latter it will shock you with the secret it inside. Reading this book adjacent to it was fantastic author who write the book in such remarkable way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of advantages than the other book possess such as help improving your talent and your critical thinking approach. So , still want to hesitate having that book? If I had been you I will go to the publication store hurriedly.

Dolores Watkins:

This Rife's World of Electromedicine: The Story, the Corruption and the Promise is great e-book for you because the content and that is full of information for you who all always deal with world and have to make decision every minute. That book reveal it information accurately using great manage word or we can point out no rambling sentences inside. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tough core information with lovely delivering sentences. Having Rife's World of Electromedicine: The Story, the Corruption and the Promise in your hand like getting the world in your arm, details in it is not ridiculous 1. We can say that no guide that offer you world in ten or fifteen second right but this guide already do that. So , this is certainly good reading book. Hi Mr. and Mrs. busy do you still doubt this?

Leonard Bartow:

Many people spending their moment by playing outside using friends, fun activity along with family or just watching TV all day every day. You can have new activity to invest your whole day by studying a book. Ugh, think reading a book really can hard because you have to take the book everywhere? It all right you can have the e-book, getting everywhere you want in your Touch screen phone. Like Rife's World of Electromedicine: The Story, the Corruption and the Promise which is obtaining the e-book version. So , why not try out this book? Let's see.

Mark Authement:

Within this era which is the greater person or who has ability to do something more are more important than

other. Do you want to become one among it? It is just simple solution to have that. What you are related is just spending your time not very much but quite enough to have a look at some books. One of many books in the top list in your reading list is actually Rife's World of Electromedicine: The Story, the Corruption and the Promise. This book that is certainly qualified as The Hungry Hills can get you closer in growing to be precious person. By looking way up and review this book you can get many advantages.
