Editorial Review

Review

“Explain him? No. Explicate him? No. Enjoy him? Yes, God, yes ... Just don't o.d. You could die laughing.” (Stephen King)

“Cartoonist Gary Larson carries the macabre to hilarious lengths.” (The Wall Street Journal)

“A magnificent contribution to popular culture.” (The Washington Post)

“Samuel Taylor Coleridge, in between opium binges, once distinguished poetry from prose by noting that the former comprises ‘the best words in their best order.’ Gary Larson’s achievement in *The Far Side*® is to have pulled off much the same thing in a humbler medium: the best joke told with the best image ... there is no excuse not to have some Larson in your life.” (The Daily Beast)

“Larson communicates a great deal of information in a few simple ink lines. The expressions of his characters are vivid and immediately recognizable ... And with just a strand of beads and a pair of harlequin glasses, he can somehow transfer any animal—a shark, a bug, a warthog—into a dowdy suburban hausfrau.” (The Los Angeles Times)

“In an age when black humor is a lost art, Larson’s cartoon is an island of insanity, offering us the perspective of a world where the unreal is normal and vice versa. Its message deep down is a dark one — something about taking ourselves too seriously and strutting around as if we own the place.” (Rolling Stone)

“Bless Gary Larson for his wonderful consistency in casting an artful eye on all of Earth’s wild critters, human or otherwise.” (The Philadelphia Inquirer)

“The unofficial cartoonist laureate of the scientific community.” (Natural History Magazine)

“The natural order of things goes seriously awry, with hilarious results.” (Smithsonian)

“A quirky, brilliant series of cartons that most often feature a variety of insects and animals embroiled in some warped situation comedy.” (Toronto Globe and Mail)
