The Routledge Handbook of the Stoic Tradition (Routledge Handbooks in Philosophy) From Routledge

The ancient philosophy of stoicism has been a crucial and formative influence on the development of Western thought since its inception through to the present day. It is not only an important area of study in philosophy and classics, but also in theology and literature.

The Routledge Handbook of the Stoic Tradition is the first volume of its kind, and an outstanding guide and reference source to the nature and continuing significance of stoicism. Comprising twenty-six chapters by a team of international contributors and organised chronologically, the *Handbook* is divided into four parts:

- Antiquity and the Middle Ages, *including stoicism in Rome; stoicism in early Christianity; the Platonic response to stoicism; and stoic influences in the late Middle Ages*
- Renaissance and Reformation, *addressing the impact of stoicism on the Italian Renaissance, Reformation thought, and early modern English literature including Shakespeare*
- Early Modern Europe, *including stoicism and early modern French thought; the stoic influence on Spinoza and Leibniz; stoicism and the French and Scottish Enlightenment; and Kant and stoic ethics*
- The Modern World, *including stoicism in nineteenth century German philosophy; stoicism in Victorian culture; stoicism in America; stoic themes in contemporary Anglo-American ethics; and the stoic influence on modern psychotherapy.*

An invaluable resource for anyone interested in the philosophical history and impact of stoic thought, *The Routledge Handbook of the Stoic Tradition* is essential reading for all students and researchers working on the subject.

Editorial Review

Review

'For a long time historians of post-Renaissance philosophy have been telling each other that they need to take into account the influence of the ideas and aspirations of the Stoics. But they've done so without knowing enough about the details of reception and transmission. Here, at last, is a comprehensive, complex and fascinating account of the Stoic legacy that will be a standard reference work for decades to come. It will be invaluable for those seeking to understand the philosophy of the past on its own terms.' - James A. Harris, University of St. Andrews, UK

'A unique and very impressive volume. The editor and contributors are absolutely first rate, and the topics and solidity of scholarship really asks the reader to rethink the scope, substance, and forms of a wide-ranging "tradition" of interpretation and reinterpretation that many might think is reducible to a few maxims.' – Aaron Garrett, Boston University, USA

About the Author

John Sellars is a Research Fellow in the Department of Philosophy, King's College London, UK, where he also works on the Ancient Commentators on Aristotle project. He is a member of Wolfson College, Oxford, and the author of *The Art of the Living: The Stoics on the Nature and Function of Philosophy* (2009), and *Stoicism* (Routledge, 2006).

Users Review

From reader reviews:

Herbert Haubrich:

Do you certainly one of people who can't read enjoyable if the sentence chained inside straightway, hold on guys this kind of aren't like that.
