The UFO Evidence - Volume 2 : A Thirty Year Report By Richard H. Hall

Patterned after the first volume published in 1964, *The UFO Evidence, Volume II* is much anticipated by the research community. The book reports 30 years of UFO sightings since 1964 with related data and descriptive features organized by category. Among the topics discussed are the now strongly established patterns of UFO sightings, the growing evidence worldwide that UFOs represent someone's technology, the history of government sponsored UFO investigations, and political and human responses to UFO sightings. The master chronology is an incredibly complete listing, which also refers the reader to pertinent sections in the book for fuller descriptions.

Editorial Review

Review

...Mr. Hall has provided the UFO researcher with a wealth of information...The structure of the book allows researchers quick access to specific aspects of the phenomena...this massive work will be used for years to come by researchers and serious students of the UFO enigma...This is as close to empiricism as is likely to be found in this arcane field. Highly recommended. (*Amazon.Com*)

...may have been one of the most influential (scientific as well as political) UFO publications ever. Like the first volume, this one is a well-organized look at the UFO phenomenon over the past 30 years. A lot has happened in the field since 1964 and Hall does a good job trying to put it all between the pages of this almost 700-page book...this book is indispensable for the true UFO researcher. A major work. (*The Anomalist*)

This will surely be the UFO book of the year....The beauty of Hall's approach is that the reader is literally overwhelmed with FACTS, not hypnotically-retrieved recollections or wild-eyed speculations...this book will be money well spent for anyone who wants to see what a serious piece of work looks like in comparison to the dozens of largely worthless UFO titles published every year by authors without a tenth of Hall's experience or depth of knowledge. (*Amazon.Com*)

...the state-of-the-art of UFOlogy in regard to factual UFO case presentations for the last thirty years....UFO researchers will hail it as one of the best and most useful books on the UFO subject anywhere available.....A must-read for the researcher AND the interested public. (*Nicap*)

This is a great new book at a special price, a 'must have' for the UFO reader. (*World Of The Strange Bookstore*)

[The UFO Evidence, Volume II] is without a doubt one of the best reviews of the UFO phenomenon in the last decade...a natural history of UFOs...a worthy successor to the first classic volume from 1964. (Bill Chalker, author of *The Oz Files*)

...this is an excellent work deserving of a wide—and hopefully open-minded—audience...It contains an incredible amount of invaluable data (including extensive references and bibliography), too much of which has been unseen for decades. (*Ufo Magazine*)

All of us owe him [Hall] a debt of gratitude both for his long-standing involvement in the study of these strange phenomena...an impressive amount of interesting information...The open minded reader will find much to ponder here. I highly recommend it. (*Amazon.Com*)

This brand-new book is a 30-year advancement of one of the greatest and most respected UFO books ever written: *The UFO Evidence*, by the same author. It is a UFO library unto itself, and will be consulted for centuries to come by scientists and seekers after truth alike. (*AbeBooks*)

....indisputably the most anticipated [book in the field of ufology] of the last 5 years. (*Vsd*)

Simply put, one of the five best UFO books ever written....overwhelming in its presentation of the data....Included herein (and, for that matter, in its earlier companion volume, *The UFO Evidence*) is the very

essence of the UFO mystery: eyewitness accounts from outstanding observers, the patterns and puzzling luminosities, flaps and waves and concentrations of UFO sightings, the encounters with seeming aliens, the bizarre shapes, the erratic flight patterns, Roswell....Any attempt to dismiss the UFO phenomenon as a series of misrepresentations of prosaic events must take into account not only much solid witness testimony, but also the amazing consistency of case detail Richard Hall has proffered for our collective perusal. (*Fund For Ufo Research*)

...a comprehensive, intelligent, sober overview of an implacable mystery which refuses either to go away or to lend itself to genuine prosaic accounting...a well-argued, convincingly-documented brief for the "need for serious scientific attention to UFOs," a need yet unmet nearly four decades after UFOI. (*Fortean Times*)

The most complete reference available that provides a solid and comprehensive review of the all types of evidential and compelling UFO reports. Presents sightings from a wide variety of professionals, and also discusses in-depth the characteristics of the UFO phenomenon. (*Cufos.Com*)

About the Author

Richard H. Hall is a well-known authority in the field of ufology. In 1964 he compiled the first volume of *The UFO Evidence* as a documentary report for the National Investigation Committee on Aerial Phenomena. Hall is outgoing Chairman of the Washington-based Fund for UFO Research. He was a consultant to the 1966-68 University of Colorado UFO study sponsored by the Air Force Office of Scientific Research.

Users Review

From reader reviews:

Bethel Stockton:

Why don't make it to be your habit? Right now, try to ready your time to do the important act, like looking for your favorite reserve and reading a e-book. Jamie Wallace:

Here thing why this specific *The UFO Evidence - Volume 2 : A Thirty Year Report* are different and reliable to be yours. First of all reading a book is good however it depends in the content of it which is the content is as delightful as food or not. *The UFO Evidence - Volume 2 : A Thirty Year Report* giving you information deeper and in different ways, you can find any e-book out there but there is no book that similar with *The UFO Evidence - Volume 2 : A Thirty Year Report*. It gives you thrill examining journey, its open up your own eyes about the thing that will happened in the world which is perhaps can be happened around you. You can easily bring everywhere like in area, café, or even in your method home by train. For anyone who is having difficulties in bringing the branded book maybe the form of *The UFO Evidence - Volume 2 : A Thirty Year Report* in e-book can be your option.

Christina Harper:

Information is provisions for folks to get better life, information these days can get by anyone from everywhere. The information can be a information or any news even a problem. What people must be consider if those information which is from the former life are challenging be find than now could be taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you have the unstable resource then you obtain it as your main information there will be huge disadvantage for you. All those possibilities will not happen inside you if you take The UFO Evidence - Volume 2 : A Thirty Year Report as your daily resource information.

Ann Ginsberg:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The UFO Evidence - Volume 2 : A Thirty Year Report can make you experience more interested to read.
