### Life After Death By C. W. Leadbeater, Annie Besant

This subject of life after death is one of great interest to all of us, not only because we ourselves must certainly one day die, but far more because there can scarcely be any one among us, except perhaps the very young, who has not lost (as we call it) by death someone who is near and dear to us. So if there be any information available with regard to the life after death, we are naturally very anxious to have it. But the first thought which arises in the mind of the man who sees such a title as this is usually 'Can anything be certainly known as to life after death?'
