### Editorial Review

#### About the Author

The book, Ripening of a Woman, by Melanie Baker Garrett is coming out end of June 2012 Women in their forties and fifties are coming into their PEAK. (We know what we want and how to get it...in life, relationships, and sex!) We take good care of ourselves and look more youthful than the men our age. You'd be surprised at how much we have to offer compared to a younger woman. We are not looking for our MEAL TICKET, and/or a "baby daddy" for child support. And we won't dump you 10 years down the road because we got what we needed and are looking for a newer model. LOL! Why should a woman, think like a man? (I don't think so!) Read Ripening of a Woman and learn more about Sex, Relationships, and the real meaning of Cougar. A must read for men and women.
