Two By Kathryn Otoshi

Two is best friends with One. Whenever they'd get the chance, they'd dance! She'd sing and snap. He'd tappity-tap. What a pair they made! At the end of each day, they'd always say, "ONE, TWO, I'll count on you, 'til the end, we'll be best friends." Until Three jumps in between them . . . Suddenly One only wants to play with Three. "ONE, THREE, odds we'll be!" they chant. Two feels left out. But what can she do? Another character-building counting book by award-winning author Kathryn Otoshi, *Two* is a powerful story of friendship, loss, letting go, and self-discovery.

Editorial Review

From School Library Journal

K-Gr 2—The first stanza of the song "Make new friends, but keep the old. One is silver and the other is gold" is, literally, the theme of Otoshi's third book about numbers. Two and One are best friends until Three comes along and disrupts the status quo. Two feels terrible about being left out, but Three convinces One that "odds" are better than the rest," and some verbal teasing ensues. Other odd and even numbers join in the escalating argument until Zero steps in and convinces Two to put a halt to the escalating division. One, Two, and Three apologize for the way they've been acting, and all the numbers, from Zero to Nine, decide it's a good thing to be open to all potential friends. Some lines rhyme, but others don't, which can create a problem in the reading cadence the first time around. This tale, featuring colorful numbers placed on large white pages, presents some clever wordplay and has a moral that will be best understood by children if the book is shared with an adult.—Maryann H. Owen, Children's Literature Specialist, Mt. Pleasant, WI

Review

"Otoshi's cognitive behavioral approach suggests that heroic action isn't always something that can be seen; it's something that happens inside. Clearly meant for public readaloud and classroom discussion, this is a polished, on-message opening for dialogue about bullying, mean girls, and other social plagues."

— *Publishers Weekly*

"Two felt blue. 'What did I do?'
'Let it go,' said Zero
'Just ignore them,' added Four.

But Two couldn't let go.
At every turn, what did she see?
One playing with — Three!"
— from the book
