By Robert Kurz

**The Substance of Capital (The Life and Death of Capitalism)** By Robert Kurz

The Substance of Capital is the first book in a series of pamphlets and books under the heading of The Life and Death of Capitalism that Chronos Publications will be publishing over the next few years. The essays that are to be presented are not academic exercises, but provocations designed to goad an intellectually and politically complacent milieu to question the basis of capitalist society and the complicity of the old Left, postmarxism, postmodernism and the theory-lite activists in maintaining that society. The works of the late Robert Kurz and his comrades in the EXIT! Collective will feature prominently in the series.
